

The PBL and Design Process

Identify the problem

Describe the problem you are trying to solve. Identify any constraints.

Imagine / Explore Solutions

Research solutions that others have tried. Identify what materials are available.

Design / Make a Plan

Be Creative. Use what you know to come up with a solution. Record your thoughts in your journal.

Create

Make your solution to the problem.

Try it / Test it

Test your solution.

Make it Better / Improve

Evaluate your solution. Make it better.
